

Rebuttal

He's in a better place.
He belongs with us.

It's not our place to question God's reasons.
Then why give us such power?

He would want you to move on and be happy.
He would want to be here, making us all happy.

God has a plan for him in heaven.
But the plan on earth was FUBAR.

Someday, all will be revealed.
What's the big secret? Afraid we'd opt out?

God works in mysterious ways.
So no one can hold him accountable.

When God closes a door, he opens a window.
And we fell through it.

At least you had him as long as you did.
At least, he should have had a lifetime.

God didn't cause this to happen.
Then why does he get credit for the miracles?

Pain and suffering teach us valuable lessons.
Namely, how to cope with pain and suffering.

God loves you.
Men who beat their wives say they love them.

Without sorrow, we would not know joy.
Because of sorrow, we no longer feel joy.

God needed another angel in heaven.
To replace the one who let him die?

He'll live on through your memories.
If he lived on, he'd be making new memories.

God never gives us more than we can handle.
Because we still breathe doesn't mean we've survived.
